Bill of materials · 12.5-amp heat gun, two fan speeds, 1500 W

Northbay Tool Works (example) · Rayong plant, Thailand · Rev. C · 16 Oct 2026

Assembled in
Thailand

Plants
Rayong plant (TH), China suppliers (CN)

Family
motorised tools and small appliances

Line	Part no.	Type	Name	Qty	Country	Plant	Group	Plant capabilities
1	HG-1001	component	main housing	1	Thailand	Rayong plant	housing_moulding	motor_fan_assembly; pcba; heating_element; housing_moulding; switch_cord_minor_parts; final_assembly
2	HG-1002	component	front cover	1	Thailand	Rayong plant	housing_moulding	
3	HG-2001	component	heating element	1	Thailand	Rayong plant	heating_element	
4	HG-3001	component	electric motor	1	China	China suppliers	motor_fan_assembly	motor_fan_assembly; pcba; heating_element; housing_moulding; switch_cord_minor_parts
5	HG-3002	component	fan	1	China	China suppliers	motor_fan_assembly	
6	HG-3003	component	motor support	1	China	China suppliers	motor_fan_assembly	
7	HG-4001	component	printed circuit board assembly (PCBA)	1	China	China suppliers	pcba	
8	HG-5001	component	switch	1	China	China suppliers	switch_cord_minor_parts	
9	HG-5002	component	power cord	1	China	China suppliers	switch_cord_minor_parts	
10	HG-5003	component	wiring	4	China	China suppliers	switch_cord_minor_parts	
11	HG-5004	component	knob	1	China	China suppliers	switch_cord_minor_parts	
12	HG-5005	component	back cover	1	China	China suppliers	switch_cord_minor_parts	

Line	Part no.	Type	Name	Qty	Country	Plant	Group	Plant capabilities
13	HG-5006	component	support ring, heat insulator and fasteners	1	China	China suppliers	switch_cord_minor_parts	
14	OP-10	operation	press fit the fan to the motor spindle and attach the fan cover		Thailand	Rayong plant	final_assembly	
15	OP-20	operation	crimp plugs to the heating element wires, add heat shrink tubing, solder wires to the switch and plug the heating element into the switch and PCBA		Thailand	Rayong plant	final_assembly	
16	OP-30	operation	fasten the PCBA to the main housing, assemble the temperature knob, connect the PCBA to the motor, add the back cover and motor support		Thailand	Rayong plant	final_assembly	
17	OP-40	operation	secure the power cord, add the switch slider, close the housing with screws, test, label and pack		Thailand	Rayong plant	final_assembly	

Example test file for Origin Proof. Rows follow the facts of public CBP ruling N328954; company and part numbers are made up.
